The Transition Year!

**From the Cockpit of the
Director of Operations...**

"This past year has been a year marked with many changes and great progress! We're really excited to be in our new operating location out at the Grant County Airport. Since we've moved out to the Grant Co. airport back in July 2007 we've been able to expand our services in numerous ways. We've worked hard to add many services such as a self-service 100LL gas pump, wireless internet capabilities, and a flight briefing room complete with WSI weather services just to name a few. In the near future, we also plan to incorporate a flight training program into our operations. It's an exciting time for us and the airport and we hope the whole community will come out and see what's going on!"

One of the Fuel Trucks on the line at High Mountain Aviation...

Recent/Upcoming ~Events~

- ◆ We recently took part in a Grant County Pilots Association day out at the airport where we hosted community members and students of the WNMU ground school taught by Fred Fuller. It was a great time of fun for all with airplane rides, tours and a Q & A session on current activities and upcoming events.
- ◆ We'd like to congratulate the La Plata Middle School boys & girls track team on a fun & successful track season...we enjoyed sponsoring the team and we hope you all have a wonderful summer in the months ahead!
